Professional Summary

Self-driven front-end developer with a strong foundation in React and modern JavaScript. Passionate about building clean, responsive, and user-focused web applications. Adept at problem-solving, learning fast, and adapting across technical and creative fields including cybersecurity, design, and digital storytelling. Focused on continuous improvement and innovation through personal and collaborative projects.

Technical Skills

- **Languages:** HTML, CSS, JavaScript, Python
- **Frameworks & Libraries:** React.js, Firebase
- **Tools & Platforms:** Git, GitHub, Vercel, VS Code, Canva
- **Other Interests:** Cybersecurity, UI/UX Design, Video Editing

Education

Kwame Nkrumah University of Science and Technology (KNUST)
BSc. Telecommunication Engineering | 2023 – 2027

- Introduced to foundational HTML and CSS concepts.
- Advanced front-end knowledge through Scrimba's interactive React, JavaScript, and Firebase courses.
- Applied learning through personal projects focused on real-world functionality and clean UI design.

Experience / Projects

Personal Projects

- **My Portfolio:** Built and deployed a responsive portfolio website using React and CSS.
- **Shopping App:** Created a functional cart system with live updates and total calculations.
- **Assembly-EndGame App:** Designed an engaging, dynamic game interface with React state management.
- **Tenzies App, Meme Generator, Chef Claude:** Interactive projects demonstrating logic, API usage, and creative UI design.

Soft Skills

Problem Solving • Creativity • Adaptability • Teamwork • Continuous Learning
